WWW.SUNWALLS.COM

CREATE A SALON THAT MEANS BUSINESS!

The **Sunwalls Modular Wall System** is recognized as one of the most economical, flexible and expedient ways of interior room layout. Our design offers quick, clean assembly and re-assembly using no complicated parts and minimal components to eliminate any confusion and errors. The panels, assembled via an interlocking channel system, can be configured for an entire salon in a few hours, and because they are only 3/4" thick, you gain space compared to normal wall construction.

- Total Flexibility • Total Quality • Hundreds of Color Combinations • Free Layout & Design Service
- Salon Enhancements • Custom Displays & Counters

Manufactured in AMERICA

SPECIFICATIONS

PANELS: 3/4" wood composite solid substrate. All panels vertical edged to have plastic edge caps attached.

FINISH: Commercial grade melamine.

DOORS: Full height, hollow core covered in high pressure laminate to match the wall cover selection. Painted edges and pre-hung in the jamb.

DOOR FRAMES: Plastic to match connectors.

CONNECTORS: Designed to allow the panels to easily snap together and are available in Black or Silver. Silver, which projects a metallic look, can be chosen as an upgrade.

ELECTRICAL CHASES: Special connectors that allows for enclosed electrical wiring. Available in Black or Silver.
